

Detroiters Working for Environmental Justice Announcement

URGENT!!!

Call Mayor Dave Bing from May 27th - 29th

The New Business Model has a solid waste budget that is \$1.7M less than what has been approved by City Council, we want to urge Mayor Bing to support the New Business Model for Solid Waste.

Detroiters Working for Environmental Justice helped create and supports the New Business Model. It will create jobs in the community and generate greater economic activity as opposed to using the incinerator. We feel the best course of action for Detroit's Solid Waste is the **NEW BUSINESS MODEL**. We hope that Mayor Bing will respond with his support.

CALL THE MAYOR'S OFFICE AT: (313)224-3400
